

Custom Printed Labels

With pressure sensitive custom labels, you have the capability to enhance, promote, educate, involve and save money!

FEATURES	BENEFITS
Hundreds of different substrates to choose from	➔ Custom design your labels to meet your exact requirements (paper / film)
Unlimited custom shapes and sizes	➔ Any shape (max web width 16") or size (up to 8 colours) can be created to exceed your expectations
Significant selection of adhesives	➔ Excellent for difficult applications such as freezer, clothes or block-out labels
Various protective coatings	➔ Including coatings appropriate for indoor, outdoor or refrigerator uses, UV varnish or lamination for durability up to 5 years
Variety of finishing methods	➔ Roll, sheets, pinfeed or fanfolded can be selected according to your end use

We offer an amazing range of configurations and design options:

- Direct thermal labels
- Thermal transfer labels
- Barcode solution labels
- Static cling
- Laser & inkjet labels
- Foil / hot stamp labels
- Piggyback / coupon
- Mouse pads
- Magnets
- Temporary tattoo's

Applications:

- **Financial Institutions:** Give-aways such as mouse pads and magnets. PressAbles™ labels for promoting a new service - guaranteed to come off smoothly with no sticky residue.
- **Warehouse:** Thermal transfer or direct transfer material, laser labels, and shipping labels.
- **Direct Mail:** Interactive piggyback labels - for example, identify a prize to be claimed inside should it match the prize revealed on the label.
- **Retail & Manufacturing:** Fun temporary tattoos and tamper evident labels for an added security feature for sensitive material.
- **Membership Organizations:** Integrated membership cards on laser friendly 8½" x 11" sheets.
