

## Poly Mailers

Lightweight and high strength with tamper-evident or reusable closures. One of our smartest envelopes yet!

FEATURES	BENEFITS
Exclusive multi-layer, tri-extruded material	➔ Resists bursting due to over-filling – ideal alternative to corrugated cartons
Weatherproof and abrasion-resistant	➔ Solves delivery channel package failure and poor brand representation
Permanent and re-useable seals available	➔ Provides secure tamper evidence or multiple use closures
<b>Stock products are made of 100% degradable polyethylene</b>	➔ <b>Preserves the environment by reducing landfill</b>
Smooth Interior	➔ Easy insertion and sealability
High opacity	➔ Ensures privacy of contents
Excellent quality Flexographic printing up to 8 colours	➔ Allows for high impact graphics and presents unique branding opportunities
Light-weight, rugged material	➔ Reduces storage and mailing costs, ideal alternative to labour intensive cartons
Meets Canadian & U.S. Postal Standards	➔ Worry-free mailing

**Available in 3 popular stock sizes:**
